Neighbourhood Development Planning

Aconbury Parish Meeting and Little Birch Parish Council have agreed to produce a Joint Neighbourhood Development Plan.

It is now necessary to establish a steering group made up of parishioners and councillors. A number of people have already said that they would like to join the group. They, and anyone else, wishing to contribute should attend a meeting at Little Birch Village Hall on Wednesday April 6th starting at 7.30 pm.

To prepare for the meeting it is recommended that all should have a look at the Herefordshire Council Website on Neighbourhood Planning that includes more than thirty guidance documents. Document number 28 on how to set up a steering group is especially useful.
