Subject: Face coverings

Dear all,

The council has been getting quite a few queries about face masks, which will be compulsory on public transport from 15th June. People are particularly concerned about where to find them. I therefore thought I would share a few resources.

This is a link to the government advice on face masks, and staying safe outside your home in general: https://www.gov.uk/government/publications/staying-safe-outside-your-home/staying-safe-outside-your-home

There are many places you can buy face masks, but the most reliable are chemists such as Boots: https://www.boots.com/sitesearch?searchTerm=face%20masks%20

Alternatively, the government has produced guidelines on making face masks, if people want to try creating them themselves:

Best wishes,

Richard
